Save money. As much as 90 percent of your construction waste could be salvaged or recycled at a lower cost than disposal. While garbage disposal fees in the Portland metropolitan area are about \$94 per ton, most construction waste can be dropped off at a recycling facility for fees ranging from free to \$35 per ton when it is sorted out.

Natural science is a branch of science concerned with the description, prediction, and understanding of natural phenomena, based on empirical evidence from observation and experimentation. Mechanisms such as peer review and repeatability of findings are used to try to ensure the validity of scientific advances.. Natural science can be divided into two main branches: life science (or biological ...

Game theory is the study of mathematical models of strategic interaction between rational decision-makers. It has applications in all fields of social science, as well as in logic and computer science. Originally, it addressed zero-sum games, in which one person's gains result in losses for the other participants. Today, game theory applies to a wide range of behavioral relations, and is now an ...
