

the jungle original text pdf

A jungle is land covered with dense vegetation dominated by trees. Application of the term has varied greatly over recent centuries and it has little scientific meaning. Before the 1970s, various tropical forests were referred to as jungles but this terminology has fallen out of usage. Jungles in Western literature can represent a less civilized or unruly space outside the control of ...

Jungle - Wikipedia

Jungle juice is the name given to an improvised mix of liquor that is usually served for group consumption. There are countless recipes and even websites devoted solely to jungle juice. The term has also been used for similar less-than-reputable alcoholic concoctions.
