Quakers (or Friends) are members of a historically Christian group of religious movements formally known as the Religious Society of Friends, Society of Friends or Friends Church. Members of the various Quaker movements are all generally united in a belief in the ability of each human being to experientially access "the light within", or "that of God in every one".

A private library is a library under the care of private ownership, as compared to that of a public institution, and is usually only established for the use of a small number of people, or even a single person. As with public libraries, some people use bookplates – stamps, stickers or embossing – to show ownership of the items. Some people sell their private libraries to established ...

INTRODUCTION. Children with Down syndrome have multiple malformations, medical conditions, and cognitive impairment because of the presence of extra genetic material from chromosome 21. 1,2 Although the phenotype is variable, there typically are multiple features that enable the experienced clinician to suspect the diagnosis. Among the more common physical findings are hypotonia, small ...
